Seasons Greetings from

Greetings!

INFINITT *North America* would like to wish its Customers and Colleagues in Medical Imaging a Wonderful Holiday and a healthy, Happy New Year!

INFINITT recently exhibited at the RSNA in Chicago, successfully launching several new products, and we're looking ahead to great results in 2009. Although attendance at the RSNA was down this year, InfinitT was very pleased with the booth location and the quality of visitors at the booth. Those who came by for system and software demonstrations were serious about buying, and the feedback we received on our new products was very promising. The INFINITT Mammography PACS and MSDS Reporting Module, which has been nearly three years in development, have received widespread acceptance. Meanwhile the Xelis line of advanced visualization solutions for specialized applications extends our reach into Cardiology (Xelis Cardiac Vessel Analysis), Pulmonology (Xelis Lung Solution), Gastroenterology, Oncology (Xelis Colon) and Fusion Imaging.

InfinitT sent David Smarro (CEO and President), Bob Blake and Charles Kim (Executive Vice Presidents), Pat O'Connor, Mike Higgins, Richard Conner, William Lee, Rob Jennings, Shaun Lim, Adam Winokur, James Zongilla, Mike Smith, Robert Rosselli, Pamela Bussert, Brent Roebke, Frank Cisneros and Deborah Reed.

INFINITT North America joins Infinitt Korea at RSNA.

Infinitt's Gala Event at RSNA, Chicago --
